Keystone Nursing Care Center Newsletter

Each resident has the right to retain and use personal possessions, including some furnishings, and appropriate clothing, as space permits, unless to do so would infringe upon the rights or health and safety of other residents.

Upon admission, we encourage every resident to bring items from home to decorate their rooms. We want each residents personal space to feel as homelike as possible.

We ask that the path to exit the room and use the restroom are not blocked, there are no extension cords, nothing is placed within 18 inches from the ceiling, and no throw rugs are brought in. If you need assistance with hanging things on the wall, please let our staff. If you need assistance with the setup of the room, we can help!

Some families have a winter and a summer wardrobe and they rotate them with the seasons. Most families will store one wardrobe at home. This helps with storage and space. Please make sure that everything is labeled with the resident's name. If you need marking items, please let us know.

If you have any questions please contact Tracy Bruns RN BSN LNHA at 319 - 442 - 3234 or tbruns@keystonecare.org.
