Resident's Rights:

Each resident has the right to formulate an advance directive and to be informed of the facility's policy to implement advance directives and applicable state law.

Here at the care center, we have begun using the IPOST (Iowa Physicians Order for Scope of Treatment) forms for our residents. These forms ask specific questions regarding the residents wishes for their health care. Once these are completed they follow each resident when they leave the facility for reasons such as a doctor's appointment or hospital or emergency care. These forms give us as well as family members an idea of exactly what the residents wishes are in times of need.

If you have any questions regarding this resident's right, please contact Tracy Hanson, Administrator or Cindy Behrens, Social Worker at the Care Center.
319-442-3234.

Changes in the Newsletter:

Starting March 1st the newsletter will only be available on our website or on our facebook page. If you do not have access to either one of these options please let us know. We are trying to cut down on mailing/supply costs. If we do not hear from you, we will assume these options will work.

Any questions please contact Cindy Behrens BSW, Amy Sparks, Activities or Tracy Hanson, Administrator.
