Residents Rights

Respect & Dignity:

The resident has a right to be treated with respect and dignity.

This includes the right to refuse to transfer to another room in the facility IF the purpose of the transfer is 1) to relocate a resident of a SNF from the distinct part of the institution that is a SNF to a part of the institution that is not a SNF, or 2) to relocate a resident of a NF from the distinct part of the institution that is a NF to a distinct part of the institution that is a SNF or 3) solely for the convenience of the staff.

What this means is that there are times when we will have to transfer residents from one room to another for specific reasons. For example, it could be due to a safety issue or health issue or it may be due to a payor change. All Medicaid resident will be transferred into shared rooms if they are not already in them, once a spot opens up. Also once a resident comes off of the skilled level of care but needs to continue to stay as a resident in the facility, the skilled resident will be transferred to a non skilled room once one opens up.

If you have any questions regarding this resident's right, please contact Tracy Bruns, Administrator at the Care Center. 319-442-3234.
