#### **Resident's Rights:**

##### **Money and Property:**

Each resident has the right to manage personal finances, or if he or she so chooses, to designate another party to manage them for him or her. Residents do not typically need funds in the facility as most things offered in the facility are paid for. Advanced notice is given for things that are not paid for. The beautician can send bills for hair appointments and most other things in the facility can be billed for. If it is felt that money is needed, it can be deposited into the care center resident trust account and given out as needed by the facility bookkeeper. Receipts are kept as funds are issued to residents from the bookkeeper. This is a great alternative to keeping money in resident rooms. At times valuables do come up missing and are found. Most of the time when they are found they have either been misplaced by the resident or taken out of the facility from another family member. This causes large investigations to be completed in the facility and can be avoided by not having things of significant value in the resident rooms.

If you have any questions regarding this resident's right, please contact Tracy Hanson, Administrator at the Care Center. 319-442-3234.

Thanks to our caring and giving staff for donating food to supply 10 families in the community with Thanksgiving dinner!! It was greatly appreciated!

KNCC hosted a scrub show for all of our staff. The above top was a big hit!!

If you are bringing in warmer clothes for your loved ones, please be sure to mark them with their names or have our Laundry staff assist you with this. Also let the nurses station know so that they may update the inventory list. This will help us to be sure everyone gets the correct clothing items back. Thank you!
